ARIZONA STATE HOUSE

LEGISLATIVE update

I hope this message finds you well! I'm reaching out today to share some exciting updates on the progress of several key initiatives that are shaping our state. These efforts are designed to address the needs of our vibrant Arizona while staying true to the priorities we all care about. As always, your support and active engagement are essential to shaping Arizona's future.

As you know, we have been working hard at putting together a **Majority Plan for 2025** and it is proving to be something that Arizonans are supportive of. We will continue, as the Majority, to put you first and represent you to the best of our ability.

OUR PLAN: PRESERVE THE AMERICAN DREAM

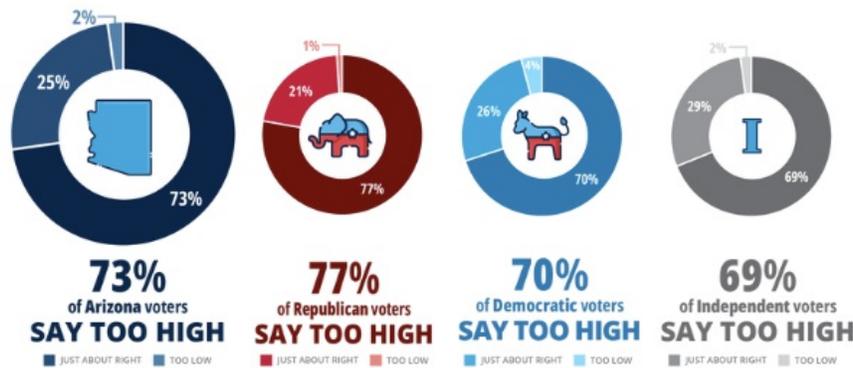

UNLEASH ECONOMIC PROSPERITY:

Arizona is where freedom lives, a place where the independent spirit of the western frontier meets innovation. Here prosperity will flourish and the American Dream will remain achievable for all, but runaway regulations and unchecked executive authority are putting this dream at risk.

We will reduce taxes when possible, cut regulations, make home ownership affordable, and ban foreign adversaries hostile to our interests.

73% of likely Arizona voters say **taxes in Arizona are too high.**

To unleash economic prosperity in Arizona we will endeavor to:

1. Promote policies to lower living costs and increase access to affordable goods, housing, energy, and resources for all. [HB2766](#)
2. Defend Arizona's low-tax, light-regulation environment to keep family earnings intact. [HB2805](#) [HB2601](#) [HCR2012](#)
3. Eliminate taxes on tips for tipped employees. [HB2081](#)
4. Make housing affordable by expediting land development and permit reviews. [HB2371](#)
5. Curb executive overreach and require legislative approval for costly regulations.
6. Streamline air permitting to reduce costs and provide regulatory certainty for businesses.
7. Support mining, agriculture, and energy industries to ensure affordable power, secure food, and abundant minerals. [HCR2051](#)
8. Reform permitting processes and counter excessive regulation that impedes development.
9. Protect private property rights and the economic use of land and resources.

[HB2319](#)

10. Secure Arizona's water resources for future needs. [HCR2568](#)

11. Prioritize Arizonans in land ownership over foreign adversaries. [SB1403](#)

12. Streamline services and reduce burdens for veterans and servicemembers. [HB2672](#)

By focusing on these key priorities, we can create a prosperous and sustainable future for Arizona while ensuring that families, businesses, and communities thrive.

From lowering living costs and fostering economic growth to protecting vital resources and supporting our veterans, these initiatives are designed to improve quality of life and secure long-term success for all Arizonans.

Together, we can build a stronger, more vibrant state that upholds the values and opportunities that make Arizona extraordinary.

Our Latest Majority Plan Report

Foreign Adversaries and Unconstitutional Government Overreach

This report highlights a comprehensive vision for Arizona's future, focusing on strengthening the state's economy, supporting families and businesses, and defending individual rights and liberties.

By addressing key issues such as foreign adversaries' threats, executive overreach, and the protection of private property rights, this plan aims to preserve Arizona's unique identity and promote a sustainable future for all.

As threats from foreign adversaries continue to evolve, it is imperative that we remain vigilant in **protecting our state's interests**. We will work to secure Arizona's resources, including water and land, from foreign control and exploitation.

The Biden administration's overreach has repeatedly infringed upon the rights of Americans, undermining the freedoms guaranteed by the Constitution. To combat this, we are taking decisive action to reaffirm Arizona's sovereignty under the 10th Amendment.

By advancing bill [HCR2049](#), we are standing up against federal encroachment and restoring the authority of our state to govern its own affairs. This measure ensures that Arizona remains a beacon of liberty, where citizens' rights are respected and preserved.

I believe that these bills reflect our **shared priorities for a better Arizona**, and I am

honored to have played a role in their creation and/or support by co-sponsoring most of them.

As always, **I am committed to representing our district** and addressing the issues that matter most to our community. In each of these areas, **my goal is to create tangible, positive change for our community.**

I am committed to working hard each day on behalf of our district and to making Arizona the best place to live, work, and raise a family.

[Thank you for your continued support.](#) Please feel free to reach out with any questions or concerns.

Best regards,
