

At the heart of my work the State House of Representatives lies a simple belief: when we come together as a community, we can achieve remarkable things for Arizona.

**Over the years, we've made tremendous progress in Legislative District 25, but there's still much more we can accomplish.**

That's why I'm excited to share more insights into my policy priorities and plans for the road ahead—because the future of our district depends on thoughtful leadership and a committed vision.

## Campaign Updates

We are just kicking off the 2026 Campaign, so be on the look out for upcoming events and opportunities to help and get involved. We need to keep the Arizona State House of Representatives RED, but by a larger margin this time around! Recently, I have attended several events and meetings, including the Festival Republicans & Independents group.

## Policy Priorities & Goals

### Education Empowerment

My commitment to education is evident through tangible actions and initiatives. A thriving future starts with strong schools and educational opportunities. My top priority is ensuring every child in Arizona has access to quality education, regardless of their zip code.

I plan to continue to champion initiatives to increase teacher salaries, invest in modern classroom resources, and protect the ESA program to prepare our students for a competitive workforce.

### Housing Solutions

Housing affordability remains an urgent issue throughout the state. I am dedicated to implementing strategies to reduce housing costs by increasing access to affordable housing and streamlining zoning regulations to encourage new construction.

By supporting initiatives like no property taxes for disabled veterans, we can ensure that families of those who served can also have a place to call home.

### Economic Growth

To keep Arizona competitive at the national and international level, we must support small businesses and attract innovative industries as a state. Arizona has a diverse economy, from agriculture and mining to technology and tourism.

By investing in our local entrepreneurs and attracting new businesses, we can create more jobs and strengthen our economy.

## Upcoming Events & Information

In the coming weeks and months, I will provide details about my campaign events, town halls, meeting schedule and volunteer opportunities. I will also share how to RSVP and get involved.
