## Yuma Border Visit

At the beginning of June, a group of AZ House members visited several parts of the southern Arizona border with Mexico, along the Yuma border, to be more precise. This is in Legislative District 25, so it is a main priority for me to see.

Our Democrat colleagues were invited, but none attended. Calling it a "**field trip**," they proceeded to minimize the serious danger that Arizona and the entire nation is facing with open borders.

This is no laughing matter. We are facing drug cartels having a field day with carrying drugs across, trafficking humans and even having indentured servants to pay off their debt for getting smuggled into the US.

**Watch this video below** of me explaining the horrors that we saw at the southern Arizona border:

## Border Briefs

To provide a comprehensive update on the ongoing border issues and the efforts being made to address them, I have compiled a series of briefings that highlight the current state of affairs and the legislative measures in progress.

These briefs encompass key topics such as security enhancements, immigration policies, and cross-border crime. Through these insights, I aim to keep you informed about the actions taken to protect and support our communities along the southern border while illustrating the significant impact of these measures on our state's overall welfare.

**[April 2024 Border Update:](#)** This briefing covers the latest developments in border security and the ongoing efforts to combat drug trafficking, human smuggling, and other forms of criminal activity.

**[May 2024 Border Update:](#)** This update delves into the economic impact of border policies, including trade and tourism, as well as addressing issues such as asylum seekers and immigration policies.

**[June 2024 Border Update:](#)** The most recent briefing focuses on the humanitarian crisis at the border and the efforts being made to address it through legislation and partnerships with federal agencies.
